

getTimestamp

VisionCore::Abstractions
::AbstractAutoTracker::update

```
graph LR; A[VisionCore::Abstractions::AbstractAutoTracker::update] --> B[getTimestamp];
```

The diagram illustrates a function call. A box on the right, containing the text 'VisionCore::Abstractions' and '::AbstractAutoTracker::update', has a blue arrow pointing to a box on the left containing the text 'getTimestamp'. The 'getTimestamp' box has a light gray background, while the other box is white.
